

Main Options to get an AWS Voucher for Certification

Last Updated: 2021 September 30

To receive a voucher – below are the main process(es) in place for an AWS certification. Please note that emails to the Alliance will not be considered to get a voucher – only the main process(es) below.

Main Process: Self-purchase at 50% discount for ALL Capgemini employees

By using AWS Global alliance team's xvoucher portal, you can purchase the AWS certification vouchers **AT FLAT 50% OFF** on [AWS xvoucher](#) portal.

The voucher code is issued immediately after purchase and you can also download your Order Receipt from this portal (highly recommended for future reference).

1. **UNDERSTAND** the AWS Cert Voucher Purchase Process

Please refer to the detailed process- [CLICK HERE](#).

2. **PURCHASE** your AWS Certification Voucher at flat 50% discount (Tip: **Don't forget** the "Assign Voucher" step to prevent potential abuse!)

No mock test required, no limit on number of vouchers you can purchase and no other pre-requisites Pre-requisites:

- Valid credit card enabled for international transactions.
- Resources are eligible for this option if you apply for a voucher using your @capgemini.com email address

| | |
|------------------------|--|
| AWS Foundation Level | \$52 (Cloud Practitioner) |
| AWS Associate level | \$78 (Solutions Architect, Developer, SysOps) |
| AWS Professional level | \$155 (Solutions Architect, DevOps, Big Data, Data Analytics, Machine Learning, Networking, Alexa) |

3. **RECEIVE** your portal credentials and purchase assignment instructions [CLICKING HERE](#).
 - a. If you are in any country outside of Italy or Germany, please use a valid credit card or VPAY.
 - b. If you are in Italy or Germany, please connect with your regional L&D team for an alternative method for purchase.

****This is the recommended option – it is straight forward and accessible for all Capgemini employees****

[Expired Process, not relevant after July 1 2021]: 100% alliance-funded (0% funding required from BU or staff member)

Voucher is provided if they clear DoSelect mock test. Also, for Foundation and Associate level, once the final AWS cert exam is cleared- we encourage staff members to prepare for the next level. This is not a preparatory exam, rather an exam to measure your ability to pass for a fully funded voucher.

Average waiting time from request: ~1-2 weeks from request (faster turnaround if staff members can take the mock test as soon as it is assigned to them)

- AWS Foundation level - need to get min. 75% score (Cloud Practitioner)
- AWS Associate level - need to get min. 75% score (Solutions Architect, Developer, SysOps)
- AWS ProCert level - need to get min. 60% score (Solutions Architect, DevOps, Big Data, Data Analytics, Machine Learning, Networking, Alexa)
